Said In Cypress

That one pretty girl had a red face at the Associated Chambers meeting at Huntington Beach Tuesday night. She was invited to accept a $100 check for her organization, which had just won that amount in a contest the Associated Chambers had held for a slogan.

When she accepted the check, she gave a winsome smile, then proceeded to thank the ROTARY CLUB for its generosity.

That farmers in the area might be happy to hear that the Associated Chambers had a long and serious discussion about the acute situation of the receding water level problem. Now they are going to appoint a committee to consult with an engineer and investigate the possibilities of getting water from other sources, among them, reclaiming the sewage water. There are a lot of "ifs" and "buts" but it was agreed that the problem has become extremely serious, and something must be done soon. Near Garden Grove the subtereanean water level went down 30 feet last month.

That one other important point brought out at that meeting was the report on the proposed hiking and bridal trails that are in store for Orange county. The committee chairman told of 42 possible sites for overnight spots of which hikers and riders may take advantage. Corrals could be built, cabins and beds put in, and everything fixed up for the patrons at the smallest possible cost them. Boys and girls clubs, such as the scouts are in line to take advantage of these trails as well as riding clubs.

That if you've wondered about the passing of the "yellow demon," we hereby offer to shed a tear which will no doubt crystallize into tiny particles of salt to the first person who appropriately names the motor scooter for which it was traded last week.

That we always get a big kick out of the quarter horse races at the Frank Vessel ranch. So informally western. But Dorothy Smith and us feel we scooped the announcer's introduction of the town's leading citizen. We had MRS. Frank Watte with us, one of Los Alamitos' most charming femmes.

That our heart goes out to the Hubkey boys, whose faithful pet was run over Monday evening before their very eyes, and to the Flynn's whose bob-tail cat's nine lives ran out this last week and the big lumber truck accidently took its toll.

That Gerrit Plantinga was looking for us and a camera last Saturday. "Shorty" returned from fishing on a live bait boat with a 37-pound white sea bass. Nice going.

That a television fan and avid reader of this here sheet called to ask who the Los Alamitos boy was who appeared on "Hoffman hay ride" last week. The young imitator is nine year old Kenny Otte. This service is free.

That since the Boy Scout problem has been temporarily solved until school starts in the fall, we feel somebody should volunteer to shoulder the responsibility of the high-teen group with their teen-canteen.

That when the curtain fell on this week's production at Holiday Stage, which we saw Tuesday night, we felt that Susan was a friend we knew but hadn't seen for a long time. The ending to the farce "Susan and God" left such a serene feeling inside, with never a dull moment having occurred from the moment we entered the theatre.

NATIONAL SERVICE LIFE POLICIES MUST BE CHANGED SOON

Veterans who took out National Service Life Insurance when they entered military service and have continued their original policy in force without any change are reminded by David Aaron, American Legion Service officer, that they will soon have to make a decision on the subject.

The original NSLI term policies were issued for a period of five years, later automatically extended to eight years. Thus, a policy issued in 1941 will expire on the corresponding date this year, Aaron explained.

These term policies can be renewed for an additional period of five years, he continued, but only if the veteran himself takes the necessary action. Otherwise, the policy expires. New insurance can be taken out, but a physical examination will be necessary.

If renewal of the original policy is desired, the veteran must make application for it **before** the eight-year expiration date, according to Aaron. No physical examination will then be required, the premium rate will be higher, since it will be based on the veteran's present age. Also, there is no grace period for the first premium on the new policy. It must be submitted with the renewal application before the old policy expires.

Term policies can be converted, at any time while they are in force, to one of the six permanent plans of NSLI.

Veterans interested in this or any other aspect of National Service Life Insurance can get further information at the Veterans Administration office in Fullerton.

IN THE HISTORY OF CYPRESS—

Land Was Donated In 1904 For First Church In Cypress

(Ed. Note — This is the third in a series taken from early writings by Mrs. Olive Williams. In this story, Mrs. Williams interviewed Mrs. Matilda Bunyard.)

One of the oldest pioneers, from the standpoint of residence of Cypress, is Mrs. Matilda Bunyard, widow of the late O. P. Bunyard. She remembers when Orange county was formed and has been a resident of the town for close to half a century. Her children were among the first to attend the Cypress school and all received their education there.

Mr. Bunyard was one of the first trustees. The Bunyard home, located south and east of town, was one of the first ranches in the Cypress area to be planted to citrus fruit.

Church Was Needed

In speaking of the early days of Cypress, Mrs. Bunyard said, "I remember how everyine felt the need of a church in Cypress and we went about to get one. In 1904 John Feagan donated a plot of ground with the understanding that it was always to be used for church purposes. Otherwise, it was to revert to the Feagan estate. It was financed entirely from donation and built with volunteer labor.

"My husband made two trips to San Pedro with a team and wagon to haul the lumber. All the men in the country who had any ability as a carpenter had a hand in the building of it. After it was built and painted, money was collected for a bell. It was to be a community church which any denomination was free to use and filled a long felt want in the community.

"Before we had the church the people depended on revival meetings for their church services. A big tent was put up in the corner of the school yard and the meetings would last a month or two. Billy Pendleton was the preacher. These gradually died out.

To the Beach in Wagons

"On May Day everyone went to the beach for a picnic. People came from everywhere in every kind of wagon and buggy they had and the road to Anaheim Landing was a continuous cloud of dust. Many of the roads just cut across country — there were no fences as it was mostly sheep pastures in those days.

"At Christmas, everyone for miles around crowded into the school house for the Christmas tree and program of singing and speaking. We went around and got donations and bought candy and a present for each child."

FETE FRIENDS AT HOLIDAY AFFAIR

Mr. and Mrs. Dan Wiliams, of Magnolia road, chose the occasion of the fourth to entertain visiting friends and neighbors at an informal gathering in their home.

Guests present were Mr. and Mrs. M. G. Hunt, and Bruce; Mr. and Mrs. E. L. McWilliams; Mr. and Mrs. A. E. Arnold, Major David Anderson, Mrs. Anderson and little David, Dayton, O.; Mrs. E. Anderson, of Indianapolis; Dr. and Mrs. M. H. Damron and Mr. and Mrs. Rosser William, and Wendy.

Having successfully warded off a near crisis, the charter for the troop of Boy Scouts has been temporarily saved in Cypress. The scouts, who have indicated their desire to advance in scouting, are headed by John Sutphin, scoutmaster, and C. W. Biggs, assistant scoutmaster.

Members of the review board, consisting of local businessmen, continue to be Foster Noe, E. V. Corby and John Crume.

Post Office Now Is Open 'til 6

Since July first, the Cypress post office has been elevated to second class. Among the changes this classification brings, is the additional hour in the evening the window must remain open. The new hours are 8 a.m. to 6 p.m. The window still closes at noon on Saturdays, however.

Added conveniences include the purchase of postal notes and revenue stamps. The latter are required on some legal papers.

With regard to the schedule for incoming and outgoing mail published in last week's issue, patrons are reminded that in order for the mail to be dispatched at the stated hours, approximately fifteen minues is needed in advance of the pick up time to prepare the mail for dispatch by the postal employees. Mrs. Ruth Pugh, postmaster, suggests that townspeople keep that fact in mind when posting their mail.

Postal receipts so far this year are $4408.22, about $600 over the corresponding period last year.

With the increase in population and use of its facilities, the biggest need at the present time is for a larger post office in Cypress.

Garrison, Dyer Win Last Passes

In the final week of the ENTERPRISE free theatre pass contest, Ronald Garrison, 5631 Camp, and Tommy Dyer, 9092 So. Watson, won two pasess each to the Cina-Car Drive-In theatre.

Garrison went to "C" Thompson's Variety store and told them about the two words "magizine" and "allways" to win his passes.

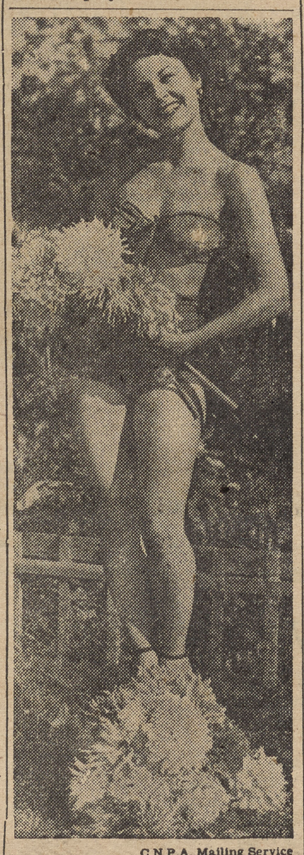
Dyer found the two mistakes in Corby's Barber Shop ad, "Croby" and avnue."

That was the last week of the contest. There will be no more (intentionally) misspelled words until further announcements are made to that effect.

COUNTY FAIR HOME ECONOMICS EXHIBIT TO BE OUTSTANDING

The home economics exhibit department planned for the coming 1949 Orange County Fair, scheduled for Aug. 18-21, inclusive will have special appeal to women exhibitors who wish to compete for the many cash premium awards being offered.

Prospective exhibitors are being urged to begin now to plan their displays.



C.N.P.A. Mailing Service

Pretty Scherlee Madison, with dahlia blooms, effectively reminds flower fanciers that the third annual Long Beach Flower Show, the southland's largest midsummer floral event, will be staged August 4-7 in the beach city's municipal auditorium. Entry books listing thousands of dollars in cash prizes are being mailed to prospective exhibitors this week. There is no entry fee, the sponsoring Pacific Flower Shows announces.

MISSIONARY TO SPEAK FOR BAPTISTS SUNDAY

Called to Tulsa, Oklahoma, by the death of his wife's sister, the Reverend W. V. Buckner will be absent from the First Baptist church pulpit for about one month. Carrying on in his absence this week in work of the church and with the young people has been Jack Needham, who also conducted the Wednesday evening worship service. A man with an unusually engaging personality, it is expected that he will be a fine asset to his denomination when ordained a minister sometime in the near future.

The church will carry on its Sunday services as usual. Speaking at the morning worship service this Sunday will be the Reverend George Keene, home missionary from the Los Angeles district.

MOHLERS BACK FROM MASSACHUSETTS TRIP

The William Mohlers, 6412 E. Orange avenue, returned this week from a month's vacation motor trip to the old home state, Massachusetts.

Mrs. Mohler, who had not been back since she left home in 1945 enjoyed attending a class reunion. She was graduated in 1941 and was glad to renew the acquaintances of old friends and former service personnel.

Mr. and Mrs. Mohler and their three children, together with her mother, Mrs. Margaret Nickerson of Providence, who came west with the family for an extended visit, were forced to travel from Prescott, Arizona, by bus when their automobile broke down. Notwithstanding their misfortunes, they were still enthusiastic over the trip.

Mohler is in the navy and was on a thirty-day leave.

COMMUNITY CLUB WILL SPONSOR BOOTH ON WHITE GOLD DAY

The Cypress women's Community club held its regular monthly meeting Tuesday afternoon. Hostess to the group was Mrs. A. E. Arnold, 5541 Bishop street.

Members are working on a quilt to be raffled during White gold day October eighth. The club will also sponsor a food booth and one for needlework again this year.

Plans were made for members to visit at the hospital to further this worthy project.

It was decided that the next meeting would be in the form of a picnic to which the families will be invited. The annual affair this year will be held at the schoolgrounds of the Cypress elementary school.

VANDEN BERG'S COUSIN VISITS FROM HOLLAND

Lucas Vanden Berg's first cousin, of the same name, is visiting from Holland. From near Amsterdam, he is spending a three months' vacation in this country, having made the trip from New York City by motor with friends.

Arriving in the United States on the SS New Amsterdam, June 29, the time is being divided with relatives in Minnesota, North Dakota and California, interspersed with sight-seeing at the many points of interest in this country.

Although their families were very close in the old country, Luke has not seen his cousin since he left Holland when he was but eight years old. They have corresponded regularly since that time. The visitor operates a concern near Amsterdam which builds cabs and beds for trucks. His wife, son and daughter remained at home.

Devilettes Drop League Tilts

The Devilettes had another streak of tough luck in this week's games. The following is an account of two of the three contests.

Norwalk 6, Cypress 2

It was the fourth inning before the Devilettes could push across a run against Norwalk there Friday night. In the fourth Maggie Young scored their first run.

The Norwalk team, however, was already well on their way and in the fifth, when Darlene Greenwade scored the final score for Cypress, they had already counted their six markers.

Hawaiian Gardens 24, Cypress 4

Hawaiian Gardens visited the Devilettes Tuesday night and wouldn't give the locals a chance. The visitors had big innings in the second and seventh, scoring 6 and 8 runs in those two.

Bin Young was the high scorer for the Devilettes in that contest, scoring runs in the second and fourth. Betty Lantz also contributed a counter in the fourth. Gerry Herrera brought in Cypress' last run in the fifth.

Breakfast Club Will Elect New Officers

The newly re-organized Business men's breakfast club will meet in Loyd's Drive-In (formerly Ernie's) at 7 a.m. Tuesday morning to elect officers for the coming year.

The first meeting held in some time took place recently, at which time it was decided to continue the breakfast club.

All businessmen interested in the problems of the town are invited to attend.

TWO GAMES FOR GIRLS; NONE FOR MERCHANTS

Although the Cypress Merchants don't play a league game until next week, the Devilettes will see action twice this week.

Their first game will be Tuesday night on the local diamond against Corona. The Devilettes have beaten the visitors twice so far this season, 8 to 7 and 19 to 3.

The Tomboys at El Modina will play host to the Devilettes Friday night. Although the local girls are hoping to pull an upset the chances look pretty slim for them since the Tomboys have taken them into camp twice, the first time 27 to 2 and the second time, 19 to 0.

Game time for the first contest is 7:30 p.m. and the El Modina game will start at 8 p.m.

Merchants Snag Victory No. 18

Winning their eighteenth game against only one defeat this season, the Cypress Merchants trimmed Norwalk's Coast Grain Wednesday night 9 to 6.

Highlight of the non-league fray was Al "Whitey" Wilson's home run with the bases loaded in the fourth inning. That gave the local outfit a substantial lead early in the contest.

14-year-old Pitcher

Another high spot in the game was the Merchant's use of an up - and - coming star pitcher, young 14 - year - old Johnny Wright. Johnny started the game and probably would have held the visitors hitless for the three innings he pitched except that his teammates counted three errors during that time.

Earl Holiday, who has retired from regular league chucking, took over in the fourth and pitched steadily until the seventh when he walked a run in. Jimmy Wright took over and retired the side ending the game.

GIRL SOFTBALLERS ALMOST BREAK LONG LOSING STREAK

The Cypress Devilettes almost counted a victory over the Orange Junior Lionettes Wednesday night on the opponents' diamond, but an extra-inning run nipped the locals, 12 to 11.

Herrera Leads Scoring

Gerry Herrera lead the Devilettes in the scoring column, counting three runs. Charlene "Charlie" Falls and Delores Cardin scored two apiece, while Nelda Wright, Evelyn Rhodes, Catalina Boeckeler and Darlene Greenwade counted one run apiece.

Newcomer Evelyn Rhodes and Catalina Boeckeler aided greatly in keeping the Devilettes in the running by belting home runs at critical times.

Come From Behind

Although the Cypress girls stayed within a few points of the Lionettes through most of the early stages of the game, they had fallen three runs behind by the end of the fifth when the score stood 8 to 5.

In the sixth, they counted five runs to their opponents' three, which gave them only a 1-run deficit. They succeeded in tieing the score at 11-all in the seventh. Then the Lionettes iced the game in the extra inning.

CYPRESS DEALER IN LONG BEACH SHOW

Mrs. F. S. Walley, local antique dealer at 5362 Lincoln avenue, is preparing her exhibits for the Antique show to be held in the Long Beach armory August 2, 3, 4, and 5 from one to ten p.m. daily.

From her many collector's items, Mrs. Walley is selecting pieces of early American glass and china. Notably prominent will be the frosted American coin articles, valued in the hundreds of dollars by the local exhibitor.

All items displayed will be on sale.

DEVILETTES GET NEW EQUIPMENT DURING DRIVE FOR FUNDS

A new pop-up toaster was taken home by Mrs. Lena Andre after the Cypress - Hawaiian Gardens girls' softball game Tuesday night.

She had received the toaster as a reward for a contest held by the members of the team to raise money to buy equipment.

The drive was successful, according to Capt. Betty Lantz. The new equipment so badly needed by the team was purchased, with some money held back for future emergencies.

Equipment bought included, three bats, balls, two gloves, and a catcher's guard and mask. Betty says they plan to buy a couple more mitts, also.

High-Teens Dance Plans Blocked; Need Chaperones

Plans for a Saturday night get-to-gether for the high teens of the teen-canteen failed to materialize this week. Mr. and Mrs. Tom Murphy, and their son-in-law and daughter, Mr. and Mrs. R. O. Harn, have endeavored to help the group with its problems. They engaged in activities similar to this in the east before moving to Cypress.

The difficulty is not with teenage enthusiasm, but rather that additional adult leadership is needed.

Saturday night activities could take place in the Cypress airport hangar. Jim Bryant, owner and manager, has generously granted permission for its use. However, the teen-canteen needs more grown-ups to volunteer their interest and cooperation before it can continue.

Residents Of Palestine Speak To Nazarenes

Speaking from wide experience in Palestine, a minister and his family thrilled audiences at the local Church of the Nazarene last Sunday evening. Twelve-year old Paul Krikorian spoke to the junior group, Mrs. Krikorian to the young people, and at the evening worship hour, the reverend Mr. Krikorian, a missionary in Palestine for twenty-five years, enthralled his hearers with a vivid description of present-day conditions in the country which he has served for so long.

Palestine has been the cross roads of trade between Asia, Europe and Africa for centuries, he pointed out, and is even more important since recent additional discoveries of oil and the uses being made of minerals from the Dead Sea.

The finding of underground wells of water has reclaimed hitherto unused land until the desert literally "blooms like a rose." Until the beginning of the war, less than 100,000 Jews inhabited the country. Today almost 200,000 are there, with better than 30,000 entering the country each month.

Significant of the growth and strength of the new section of Jerusalem is the fact that when the Nazarenes built their church early in the Reverend Mr. Krikorian's career as a missionary, $12,000 was paid for the lot on which the church stands. Today, the four corners are occupied by the great King David hotel, the YMCA building, and Shell oil company is constructing a huge office building on the remaining corner, so that the church property has risen in value to $200,000.

Mrs. Krikorian was born in Turkey, and this is her first visit to the United States. He is an Armenian. The family expects to return to Palestine the latter part of this month.

To further interest in a contest now being conducted at the Cypress Church of the Nazarene, Sunday, July 24, is being set aside at "twin" Sunday. All twins will be signally honored on that day, and it is hoped that attendance will be spurred through the novel idea.

Captains of the three teams are A. E. Holborow, the blues; Edward Chapman, the whites; and Lloyd Shirey, the reds. The Howard twins will be six months old on July 25, and are spark-plugging the twin contest.

All twins in the Cypress area are invited and will receive special recognition on "twin" Sunday, July 24.

The local church has challenged the Santa Ana church group in its attendance effort.

ANNOUNCE SPECIAL MEETING TO DISCUSS P E PROBLEM

FIREMEN'S DANCE OPEN TO PUBLIC

The public is cordially invited to the dance sponsored by the Cypress volunteer fire deparment members in the fire house this Saturday evening, July 16. The same fine orchestra has been secured which has played for the two previous dances, which gives with a pleasing selection of popular numbers.

Donation for the tickets may be made to any member of the department.

It is hoped that a well-filled hall of public-spirited dancing enthusiasts will aid the firemen in this worthy undertaking come Saturday night.

Bids Are Asked For School Bus

Notice is given by the board of directors of the Cypress elementary school that bids are being received prior to the purchase of a new school bus. If specifications can be met in accordance with the forms drawn up and now on file in the school office, it is contemplated adding a 92-capacity bus.

Normally a school would consider trading in a used school bus but transportation problems in the local school have become so acute that it is thought necessary to operate two buses.

Applications are also being received in the office of the school for a bus driver. Qualifications required are: a red cross course (a 60-day period is allowed in which to pass the tests), driver's test, physical and eye examination and a driver's license. The contract will be let on a ten months' basis.

Horse Carcass Buyer Performs Valuable Service

One of the most interesting businesses in the county is that conducted by L. H. Dunbar of 15302 South Newhope, Santa Ana. His Dunbar Dead Stock service is a county-wide institution which demands that he make frequent trips to Buena Park, Fullerton, Cypress, Stanton and other towns in this vicinity to pick up dead horses and other animals.

Dunbar delivers the dead animals to rendering companies in Orange and Los Angeles counties which in turn boil down the carcasses and convert the fats and oils into soap and other useful products.

The processing companies are unable to use animals weighing less than 50 pounds, according to Dunbar. Consequently, no goats are acceptable and most dogs are too light.

Dunbar performs a valuable service for the county and the communities which he covers and his help is appreciated by the rendering companies. One Christmas he was presented a gift of a cartoon of soap by one of the Southern California soap manufacturing concerns.

Diseased animals may be safely used in the manufacture of soap products since the impurities are boiled away, Dunbar explained, but under no circumstances is any diseased animal, alive or dead, or any dead stock used in the manufacture of pet food. Our strict pure food inspection laws just won't permit that , he declared.

Members of the Cypress chamber of commerce were advised that there would be a special called meeting Monday evening, July 18 in Garden Grove.

To set a policy with regard to the Pacific Electric's abandonment of passenger service before the next public utilities meeting, the associated chambers is calling the special dinner meeting at the Imperial restaurant, 8641 Garden Grove boulevard, for seven o'clock.

City groups and chambers of commerce in Cypress, Stanton, Garden Grove and Santa Ana are especially invited to attend to voice their opinions, and well as representatives from the beach cities.

It is imperative that interested citizens attend to help form objections to the P.E.'s move which, it is considered, would have disastrous effects on the economy and property values in Orange county. Reservations may be made with William H. Gallienne, executive secretary, in Huntington Beach.

Welcomed to Monday evening's meeting was member Otho Switzer, local realtor and ardent chamber of commerce member for many years, who has been absent for some time due to a serious illness.

Committee in charge of the Christmas "kitty" reported that a substantial fund has been donated to inaugurate the plan to build up a fund for use at Christmas time and avoid a last minute scramble to solicit from the merchants for a sufficient amount.

Fred Mackay presided at the business session in the absence of R. V. Hathcock, president, who is on vacation.

V.F.W., AUXILIARY HOLD POT-LUCK

Members of Cypress V.F.W. post no. 9847, its auxiliary and their families will enjoy a pot luck supper at the meeting hall on Wednesday evening July 20. The affair will honor the Ray Dye's, who have been active members of the two groups, but who are leaving to live in Washington. Dye is a member of the coast guard and is stationed in Seattle. It is also the occasion of Mrs. Dye's birthday anniversary.

All members and their families are invited to be present at the farewell dinner for Mr. and Mrs. Dye.

Auxiliary members have had a nice response to their appeal for Camay wrappers and Ivory and Duz package tops. Call Anaheim 28949 if you have some saved up and Jean Kreissler, president, will arrange to get them.

At the regular meeting of the auxiliary Monday evening, it is expected that several new members will be received into membership.

SCHOOLMATES FROM MISSOURI ENTERTAINED

A group of Californians who were at one time schoolmates in their old home-town of Smithfield, Missouri, were feted in Cypress on Wednesday.

Gathering in the home of Mrs. Irene Santhoff, 8841 La Salle street, the group enjoyed a grand reunion and visit together.

Those present in addition to the hostess were: Mrs. Myrtle Commou, and Mrs. Nona Rollege of Long Beach; Mrs. Nita Bishop of Colton; Mrs. Loop Thompson of Los Angeles, and Mrs. Minerva Thompson of Sierra Madre.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the News, Buena Park 421, with their information.

SUNDAY—JULY 17

Church Services—All Churches.

MONDAY—JULY 18

Cypress Boy Scouts—7:30 P.M.—Cypress School.

Cypress V.F.W. Auxiliary—7:30 P.M.—V.F.W. Meeting Hall.

TUESDAY—JULY 19

Cypress Baptist Woman's Missionary Society—2:30 P.M.—Church.

Los Alamitos Boy Scouts—7 P.M.—Laurel School.

WEDNESDAY—JULY 20

Cypress Nazarene Church Prayer Meeting—7:30 P.M.

Los Alamitos Girl Scouts—Afternoons at Homes of Members.

Los Alamitos Cub Scouts—3:30 P.M.—Homes of Den Mothers.

WASHINGTON SEES RED

The big splotch of red ink on the Federal books is being matched by a flock of red faces in Washington. The deficit of $1,811,000,000 with which Uncle Sam wound up the 1948-49 fiscal year is three times larger than President Truman's estimate and is bigger even than that predicted by his critics.

From now on the verbal battle will range as to who is responsible for the deficit. The President will blame the 80th Congress for cutting taxes and the Republicans will blame the Administration for not cutting down on expenses.

In the meantime the national debt of a quarter trillion dollars which costs us about $5 billion annually in interest charges will be on its way upward again, and John Q. Citizen will have a still-heavier federal mortgage hanging over his head.

One especially significant phase of the financial story from Washington is this: the government collected less revenue this past year than in any of the preceding five years. So, it isn't merely a matter of rising expenditures but of falling income which accounts for the shortage.

Public pressure this week forced the adoption of economies with some trimming both of the military budget and the foreign aid outlays. Certainly, the citizens won't go for higher taxes. Most of them agree they're too high right now.

At any rate, the financial honeymoon which the Administration has enjoyed in the past couple of years is over. From now on it's going to be tough to make ends meet.

MOSCOW VERSION

Many of the reports from Moscow are quite fascinating, not for what they reveal but for what they try to cover up. Lend an ear to one of the latest. "The Soviet Union fought and defeated the German aggressor with Soviet arms and Soviet equipment," says a radiocast from the Russian capital. Now, if Joe Stalin and his boys turned the trick solely with their own arms and equipment, where in the world did they dump the 14,795 planes we sent them? The same question applies to the 7056 tanks, 8218 antiaircraft guns, 427,386 jeeps and trucks, plus enormous quantities of food, clothing, fuel, locomotives and ships which they got under lend-lease. Maybe the next thing we'll hear is that all these were what the Russians sent to us under their own lendsky-leasovich. You can't beat those Russians—for imagination.

IS IT ENGLISH?

A U. S. District Court judge with a sensitive ear for the King's English has made a note of some of the ways that attorneys slaughter the language. Here's one gem: "In these cases such as these, in so far as my sworn duty, I shall prosecute these cases to the last breath of my dying body which I am prosecuting only for the sake of justice and not for vengeance." Court adjourned!

. . . Sometimes the biggest stumbling block in a man's career rests on his shoulders. (Saturday Evening Post.)

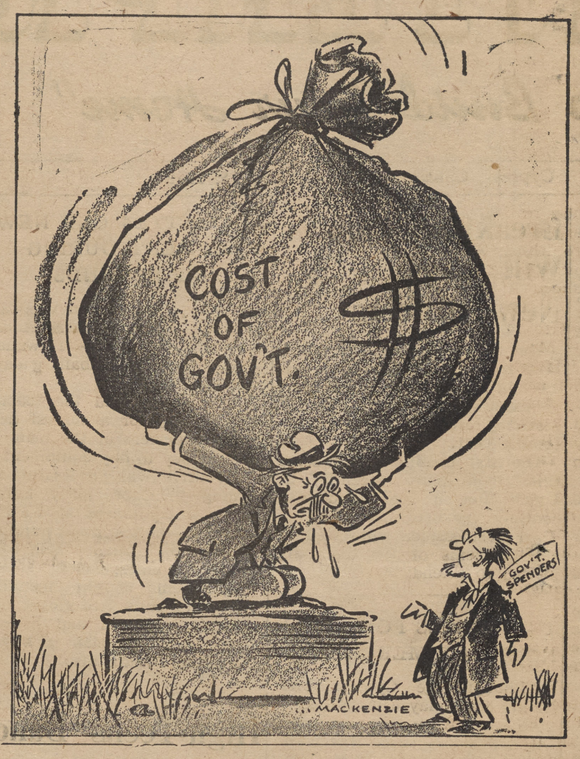
A MODERN ATLAS



I RISE TO REMARK
by John Phillips

This may be premature, but if my crystal ball doesn't fail me, the way it did last November, I should tell you now. I have reservations, bought and paid for, on the AMERICA, sailing from New York on the 27th of July.

The trip is about two-thirds committee business, and one-third personal. I'm the chap who gets the jobs that aren't thought to be interesting or important. Sometimes they become very important.

Two years ago, the chairman turned Archives over to me. That agency has now seen the end of frequent reorganizations; it can come for its appropriations without embarrassment; it morale is improved, and it has a new Archivist. I was also able to prevent a great steal in this area from the Negro citizens who had bought and built their own homes. Bureaucrats and planners don't like independent home owners.

This year the chairman gave me, among other agencies, the American Battle Monuments Commission. This agency has supervision over 8 cemeterics and 11 monuments of World War I, and will take supervision over 14 cemeteries, and the memorials, of World War II. If I had space, I'd list them with pride. They were christened with American blood.

What did I find? Here was an agency which, in ten years, had never asked for more than $150,000 a year, and which had dropped during W. W. II as low as $41,000, suddenly putting itself in the million dollar class. We gave it $1,078,500 last year, and for the current year we will give it $9,758,000. The record shows that $5,000,000 of that was a down payment on $48,000,000 the agency wants in, say, four years.

I put our statistical clerk on those figures. She finds the Commission proposes to build 6 monuments costing 1¼ million dollars each, and 6 costing $700,000 each, and I wonder about the psychology of spending that money in countries having trouble eating and rebuilding themselves. Maybe that sort of thing is why they think we are a nation of suckers and are lousy rich. The Commission wants 14 flagpoles, at $17,000 each, or $25,000 if we include fees and other costs. Grass seed doesn't seem to cost the same in different cemeteries, nor other things they have to buy and do. My subcommittee chairman decided it was time for someone to see what is going on, so that's my summer job. Mrs. Phillips will go with me, but she'll sit on a hotel porch in Southern France and rock!

If any resident of the 22nd District has a relative buried in one of these cemeteries, and I visit that cemetery, which is likely, I'll undertake to see the grave and report on its location and condition, and the care of the cemetery. Write a note to this office, giving me the needed details. It is hard for me to express my feelings to fathers and mothers, or wives, or children, who have relatives in these cemeteries, and this would be a small thing for me to try to do for my friends in the 22nd District. I can tell you now, from experience, that these resting places as well cared for, and you would be proud of them.

ORANGE COUNTY ART ASSOCIATION FORMS

Nels Y. Nelson, Garden Grove artist and art instructor, was elected first president of the newly-formed Orange County Art association at the third meeting held in the Fullerton Public library last week.

Approximately 45 persons attended the meeting and approved annual dues of $2 for general membership. Junior membership (under high school age) is 50 cents. Meetings are held the fourth Thursday night of each month.

FETCHING!

Cool and collected, this fetching miss invites the sun to come on out, for she is dressed to greet simmering summer weather in a cotton off-the-shoulder blouse. The foam white cotton blouse by Ship 'n Shore has a tiny gingham plaid trim that echoes the plaid of her cotton skirt, the National Cotton Council reports.

Poet's Corner

THESE YOUNG PEOPLE

by Virginia Quast

I'd heard of these young people,
Their wild, unruly pranks,
I always said MY daughter
Should never join their ranks!

I gave her a little party
Of the prim and proper kind;
The boys and girls were of the best
That I could hope to find.

I stepped into the other room
As they began to feast;
When I came back, I thought I'd die
Of shame — to say the least!

She turned a glass up to her lips,
Drank something that was red,
Then — Oh, the good Lord help us!
She stood right on her head!

The boys all laughed out loudly,
The girls did, too,
Then — with a bit of thinking,
I became less blue.

I turned my head aside a bit,
And — I confess — I smiled;
Though I really wasn't planning
For a party that was wild.

But since it was MY daughter,
I patted her on the head,
I spoke to her VERY sternly,
And this is what I said:

Now, you must be a lady
And act not so very bold
As you drink your lemonade,
For you are THREE years old.

(Ed. Note — Mrs. Quast wrote the above poem when her daughter, Jean, was three years old. Jean, now Mrs. Ernest Hazlett, of 8351 Moody street, cherishes the poem especially now because her own daughter, little Jerilyn, will be three years old on July 26.)

TEEN-AGERS CLUB STARTED IN STANTON

A new club for Stanton youth between the ages of 12-18 has been started. They are called The Epsion Deltas, sponsored by Mr. and Mrs. Dale Hehne of the Mercury Cleaners.

The club room is located in back of the cleaning office, where the young members feel free to come any time between 10 a. m. and 10 p. m. daily for recreational activities under the leadership of their sponsors. Monday evening is the regular club meeting date.

Games of all kinds are played and a snack bar, non-profit, is available to members in the club room, according to Mrs. Heyne.

Officers for the new club are Barbara Amling, president; Committee Head, Vida Williams, Recreation Chairman, Chuck Sowers, with the following additional young people as members: Berta Van De Worker, Delores Cardenas, Carol Jane Rutledge, Byron Stone, Richard Wendtlandt, Edward Williams, Raymond and Wesley Van De Worker and Jack Addington.

Last week a swimming party was held at the plunge at the Los Alamitos Naval Base.

Mrs. Charles Richmond and Mrs. John de Polter enjoyed a day at Catalina on Thursday.

The Reverend W. D. Howard, pastor of the Cypress church of the Nazarene, went to the Whittier school for boys on Monday evening and spoke on the subject "Christ, Our Friend."

D.A.V. TAG ENABLES KEYS TO BE RETURNED

The Disabled American Veterans has returned a set of lost keys to J. C. Napier, Rt. 1, Box 256B, Buena Park, California.

Attached to the keys was a DAV Idento-Tag, miniature license tag for key-rings, which is distributed to 30,000,000 motorists each year and the replica of their state license plates enables the DAV to return 5,000 keys a month from its national headquarters in Cincinnati.

In addition to key-loss insurance, the Idento-Tag through contributions enables the DAV to maintain its free rehabilitation service for disabled veterans and their dependents.

Travelogue

by James C. Duncan

On the second morning out of Hong Kong we awoke to see the rugged coastline of Luzon. We followed the coast down to the entrance of Manila Bay, which is a narrow strait created by the Bataan penninsula on the port side and the island of Corregidor on the starboard. Corregidor is a small island, much to my surprise. It raises abruptly out of the sea and looks very much like a mesa. It has high perpendicular cliffs which, from the distance, appear to be quite bare of any vegetation. The flat top of the island seems to be covered sparsely with trees and bushes.

Soon we had passed Corregidor and proceeded across the bay until we were inside the breakwater where we dropped anchor. The docks all appeared to be full, so we didn't really know how long we would remain out. Of course, scuttlebutt went around that we would stay out in the bay for a week or two. This dampened our spirits considerably.

Of all the places I've been I have never seen so many sunken ship. The harbor was full of them. Most of them were Japanese, I understand.

At 1700 hours (5:00 p.m.) word spread that we were going to the docks in about an hour. A few minutes later, the whistle blew, warning that we were going to move and confirming the rumor. This made everyone happy.

To add to our bright spirits, the company agent brought out the mail. This was our first mail we had received since we left 'Frisco.

By 1830 hours (6:30 p.m.) we were tied up to the dock and the gangplank was down. Lenny and I hurried through our work and rushed ashore. We walked the length of the pier. Showing our crew passes to the guards at the gate, we started walking down the street towards some lights in the distance.

The street was lined with tall trees and between the trees and crowding the edge of the street were small stands selling tobacco, soft drinks and cheap eats. These stands were illuminated by several sputtering candles.

From some of the stands, soft strains of strummed guitars floated out on the warm night air. A few natives loitered around talking and laughing in subdued voices.

Soon Lenny and I came to some buildings lining the street and neon lights splashed their soft radiance of red, yellow, green and white on the street and adjacent buildings.

The most brillant and most inviting doorway was that of Old Manila Gardens. We went in and joined some of the fellows from the ship and spent the rest of the evening drinking beer and dancing.

The next day, Lenny and I and my camera went sightseeing. We caught a taxi and rode to the heart of the city. The main street in Manila is Escolta avenue and on both sides of the street are large buildings and stores selling most everything that one would find in stateside stores. It reminded me somewhat of Anaheim.

The city was terribly damaged during the war and rebuilding was being done everywhere. Taking a few pictures, we hailed another taxi and drove to the outskirts of the city. Traveling along, we saw whole city blocks demolished. Shells of buildings and heaps of rubble stood everywhere. Thick green grasses and vines were rapidly concealing all of these ugly sights.

We stopped at the famed Walled City and I took some more pictures. All was in ruin there. Empty shells of churches, buildings and homes stood lonesomely amongst the rubble and ever-growing vegetation.

After taking some more pictures, we returned to the the ship as it was getting late. The ship was bustling with activity as the longshoremen unloaded the cargo. The growling of the winches, the creaking of cables and the men shouting back and forth created quite a din. The constant dipping of the cargo nets and flats into the ship's hold taking out the cargo and swinging it over the decks onto the dock made it quite hazardous to cross the deck to get to our quarters.

We stayed in Manila five days then sailed for Singapore.

CYPRESS LOCALS

Mrs. Earl Essex arrived home from Livingston, Montana, Friday after a month's visit with her family. She made the trip by plane. Mrs. Essex also brought back with her proof of the stories her husband, Earl has been telling about the size of the jack rabbits and grass hoppers in Montana. Some people think you can't even trust the photographers up there.

Orange county's health officer, Dr. Edwin Lee Russell, reports the following communicable diseases in this area for the two-week period ending July 2: 1 case of hepatitis and 1 of measles, in Cypress; 1 case of measles and 2 of mumps in Buena Park; and no report from Los Alamitos.

Enjoying a leave from his duties in the air corps, Major David Anderson, his wife and small son David, are visiting in the home of his brother-in-law and sister, Dr. and Mrs. Milton H. Damron, 9821 Walker street. Also a guest is Mrs. Damron's mother, Mrs. E. Anderson, of Indianapolis, Indiana. The group, together with several local friends, have enjoyed several cruises on the doctor's recently acquired yacht, and have also concentrated on sight-seeing in the southern California area.

Mrs. Ruth Lockman, 8622 Belmont street, has been acting as bookkeeper for the past three weeks in Long Beach. Her brother, G. S. Purvine, owns an auto parts business at 131 Locust avenue, and the regular bookkeeper is enjoying her annual vacation. The Purvine's have been visiting points of interest in Oregon.

Mrs. Olive Williams, her daughter Mrs. Kenneth Young, and little Dale Young took advantage of Mrs. William's vacation from her duties as suburban editor on the Anaheim bulletin to visit Yosemite. After a somewhat hectic trip over the ridge pulling a tear-drop trailer, during which time several mechanical misfortunes occurred, the little party arrived belatedly at its camping destination. The surroundings more than made up for the bad luck at the start. The trip home was made without incident.

Mrs. Chester Larkin, 9741 Denni road, enjoyed a visit over the weekend from her mother, Mrs. Golda Overley. The Larkin's Mrs. Golda Overley. The Larkins' drove to La Habra on Saturday to get Mrs. Overley and returned her to her home on Sunday.

Bob Miels, Oren Harvey and Tommy Qualls enjoyed a fishing trip last weekend. They report the catch of Lake Henshaw as being good. Fish, that is.

Rex Martin, Moody street, is recovering nicely from an emergency appendectomy performed last wek at Anaheim community hospital.

Mr. and Mrs. Earl Sartwell visited his sister in Bloomington last Thursday.

Visitors in the C. J. Sanders, Jr., home at 4782 Crescent last Friday were Mr. and Mrs. George A. Strep, and daughter, Sharon, from San Diego. The men were "buddies" during their cadet training days in the air force in Texas. The Streps were returning home after a week's vacation at Yosemite.

Mrs. Elizabeth Jones will enter summer session at San Diego State college following her return from a visit in Kansas. Another teacher from Cypress who will attend this summer is Mrs. Blanche Bartron.

Mrs. Alice S. Gardner has returned to her position in a dress shop in Lakewood, where she was employed prior to her employment in the Fashion shop.

Mrs. Madge Lyen had visitors last week-end. Mr. and Mrs. Herbert H. Hastings and Jeffrey of Berkeley, also visited his mother, Mrs. Sara Hastings, in Anaheim, and his uncle and aunt, Mr. and Mrs. J. W. McConnell of Anaheim. On Sunday the families went to Inglewood to the Frank Mathes home for a reunion. Lynn Lyen returned to Berkeley for the remainder of the vacation period with the Hastings. Mrs. Mathes and Mrs. Hastings are Mrs. Lyen's daughters.

C. W. Biggs is enjoying a vacation from his duties in San Pedro and the family has been taken on several sight-seeing trips in southern California. Especially enjoyed was a boat trip to Catalina Island on Wednesday.

Attending a youth rally in Fullerton on Friday evening, fifty young people from the Cypress Church of the Nazarene brought home the attendance banner. All the churches of the same faith in Orange county participated. The trip was made in the newly acquired church bus.

Teachers on the staff of the Cypress elementary school who are attending summer school at Whittier college are Paul Winsor, Mmes. Lois Lissner, Pauline Thompson, Norma Jean Harding and Marjorie Turpin. Leonard Rowe is at S. C., Mr. and Mrs. Walter Zobrowski at U.C.L.A., and Mrs. Dorothea Mitchell is taking work at Santa Ana junior college.

Mr. and Mrs. Dick Bakker accompanied Mr. and Mrs. Ray Visbeek, of Artesia, to their ranch at Austin Nevada, for a five-day vacation. They returned Monday.

Great concern was felt by the family for a few hours last Monday when their five-months old son fell from a table in the cleaning shop to the cement floor. Mr. and Mrs. Dixon are happy to report that no serious injury resulted.

John Farnell is spending a few days at the harbor being sure that the fishing boats he recently constructed are entirely sea-worthy. The details of last minute conditioning are being taken care of.

Tuesday afternoon, George Henry absented himself from the drug store to attend the funeral of his Uncle John Henry, of Anaheim, who died last Friday.

Mrs. Robert Fogg, the former Donna McWilliams, is at the home of her husband's parents, Mr. and Mrs. J. W. Fogg, of Nutwood avenue. Although she is recuperating nicely since the birth of young Robert, her recovery will be slower because of a reoccurrence of rheumatic fever. Her many friends will be glad to know that she is a little better these days, however, and the baby is just fine.

Mrs. O. W. Kelley returned home on Thursday from several weeks spent in the midwest. She brought Billy home from his sojourn in Dallas, Texas, where he flew by plane alone last winter when his little sister, Linda, became ill with rheumatic fever. Mrs. Kelley also visited in Ada, Oklahoma.

Members of the congregation of the Church of the Nazarene in Cypress participated in a general clean-up day last Monday. A pot luck luncheon was enjoyed at the noon hour.

Three Persons Killed, Many Injured In Traffic Crashes Near Buena Park

Three youthful citrus pickers were killed and 14 injured in a traffic accident near Buena Park on Monday, and three people were injured in a wreck near here on Sunday to complete one of the worst two-day traffic accident tolls in local history.

Dead were Jesus Navarro, 15, Benjamin Mendoza, 10, and Lupe Salgada, 17, all of La Habra. The trio were killed when a truck on which they were riding with 24 other orange pickers crashed and overturned after a collision with a road oil tank truck at Orangethorpe boulevard and Brookhurst road, southeast of Buena Park.

Salgada died at the scene of the accident and the other two later in Orange county hospital. Fourteen other persons, including drivers of both trucks involved in the crash, are in various hospitals recovering from injuries. Maximiano Reynoso, 48, La Habra, was driver of the citrus pickers' truck. The tanker was driven by Fred Sanders, 57, of 115 E. 57th street, Long Beach

Three Injured

A Lynwood man, his wife, and their 10-year-old daughter were hospitalized Sunday following a crash at La Palma and Western avenues, south of Buena Park.

The intersection, partly obscured by rows of trees, has no stop sign either way and has been the location of other less serious accidents.

Taken to Anaheim community hospital were Mr. and Mrs. Carl S. Franklin and their daughter, Ann. Also treated was Miss Bonnie J. Schooler, 21, Downey, passenger in a car driven by A. R. Allemann, 25, Long Beach, whose car collided with the one driven by Franklin.

SANTA FE TO OPERATE SPECIAL DAILY TRAIN TO DEL MAR RACES

Beginning July 26 and continuing through September 10, Santa Fe Railway again this year will operate its popular special trains to Del Mar race track, daily except Sunday, from Los Angeles with flag stops at Fullerton, Santa Ana and Oceanside, it was announced today by C. C. Thompson, passenger traffic manager for the railroad's Coast Lines.

COUNTY SEWERAGE ENGINEERS QUIT IN SURPRISE MOVE

Five engineers of the three-year-old county-financed sewerage survey, in a surprise move, resigned late Tuesday night.

The board of supervisors in accepting the resignations, withdrew county financing from the remainder of the staff and ordered the engineering office closed as end of business Wednesday.

Resigning were Vincent Bacon, Fred V. Bennett, Walter E. Brelje, Fred H. Dierker and Charles A. Sweet. The board rehired Sweet, however.

Reason given for the mass resignation was that General Manager Willis H. Warner had not given them working instructions and that the county sanitation district program had been stymied as a result.

ST. PIUS LADIES' GUILD HAS COVERED DISH LUNCHEON

The Ladies' Guild of St. Pius Catholic church met on July 6 at the home of Mrs. Catherine Borzi of Walnut street.

A covered dish luncheon was served at noon in the patio.

A beautiful crocheted set of baby clothes made and donated by Mrs. Borzi was wone by Mrs. Josephine Lorenco.

Plans were made for a big public turkey dinner to be held in November, when a television set will be given as a prize.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Cypress School District of Orange County, California, will receive sealed bids up to 7:00 o'clock P.M. on the 23rd day of July, 1949, at the office of said School District, located at 5202 Lincoln Boulevard, Cypress, California, at which time said bids will be publicly opened and read for the following:

ITEM 1. All materials, labor and services for the removal of existing fence, being approximately 641 feet, and reinstalling the same, all as shown on Specifications on file in the office of the Cypress School District, and

The installation of a new fence of like type and appearance, consisting of approximately 607 feet, all as shown and described in the Specifications on file in the office of said District.

ITEM 2. All materials, labor and services for the removal of approximately 7400 feet of roofing, and the reroofing of the building with two layers of 30 lb. felt with mop asphalt between, top flood coat asphalt to be not less than 50 lb. 100 sq. ft. with rock imbedded. Fire walls to be covered with 30 lb. felt and it to be covered with 90 lb. cap sheet; 91 double flash all vent pipes and outlet boxes, all in accordance with the Specifications on file in the office of said School District.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Cypress School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this contract. The prevailing hourly wage scale so ascertained is as follows:

Fencing	
Structural Steel Worker (Fence)	
Foreman	$2.225
Journeyman	1.975
Laborer	1.4875
Roofing	
Roofers	$2.25
Foreman	2.50

One and one-half times the prevailing rate of wages shall be paid any workman time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Each bidder must submit with his bid a satisfactory check certified by a responsible bank or a bidder's bond in an amount not less than five percent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into the proposed Contract, the proceeds of the check will become the property of the Cypress School District of Orange County.

Each bid must be on a blank form furnished by the Cypress School District.

The successful bidder shall be required to furnish one (1) bond which shall protect the laborers and materialmen and shall be for fifty percent (50%) of the amount of the Contract, and one (1) bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract.

The Board of Trustees of the Cypress School District reserves the right to reject any or all bids, and not necessarily accept the lowest price bid, and to waive any informality in any bid received.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Cypress School District of Orange County, California, will receive sealed bids at the office of the School District, 5202 Lincoln Boulevard, Cypress, California, up to 7:00 o'clock p.m., on the 30th day of July, 1949, at which time said bids will be publicly opened and read for the leasing of

One (1) school bus — 92 passenger Crown Super Coach, all in accordance with specifications therefor on file in the office of said School District.

Said lease shall be payable in annual installments with option to purchase at the end of each year or to run for an additional year; said lease to run for a period of not to exceed five (5) years.

The bus offered for this service shall be of proven type; the bidder shall agree that the equipment offered will comply with all laws, rules and regulations regarding the transportation of pupils that are effective in the State of California at the time of presentation of said bids; delivery of said bus to be made within sixty (60) days after acceptance of bid.

The Board of Trustees reserves the right to reject all bids and to waive any irregularity therein.

YWCA Younger Girls' Camp Opens Tuesday

The Younger Girls' Camp at Osceola, high in the San Bernardino Mountains, will begin on Tuesday, July 19, and end on July 26. This is a YWCA Camp and the YWCA in Orange, South Orange, and North Orange Counties are cooperating in this summer venture. Over 100 girls have registered, making this the largest Younger Girls' Camp in recent years.

Every effort has been made to obtain the best counselors available. Theme for the 8 day period will be "The Y's 49'ers."

Per Capita Water Need Averages 20 Tons Daily

It takes about 20 tons of water daily to keep an adult in the style of life to which he is accustomed in California. This startling fact was developed by C. C. Elder, Chief Hydrographic Engineer of the Metropolitan Water District, who has been surveying the mounting water needs of Orange county and the rest of Southern California.

Actually, of course, the amount of water consumed by Mr. Average Adult is only a small portion of this figure, something like a ton per year, Mr. Elder said. The rest of it must be supplied by Mother Nature to grow the things man needs to live on, as well as other additional but important uses of water.

In analyzing this figure, Mr. Elder stated that the ton of water is used to wash down about 200 pounds of bread and a similar quantity of meat each year. Crop plants require 300 to 600 times their dry weight of water for transpiration losses, and including soil losses about 1000 times. Meat production calls for fully ten times as much water as plant crops, so for every ton of water drunk, we actually "eat" another 4400 tons of water, or that which is required to grow our food.

"The average citizen doesn't realize how much he needs to maintain this existence and that the water he drinks and uses on his lawn is only a small part of the total which must be supplied," said Mr. Elder.

In commenting on water usage in Orange county, Farm Advisor Harold E. Wahlberg says that last year it is estimated that over 230,000 acre feet of water was used in irrigation alone. This is equal to 313,087,500 tons of water used in the production of our crops in Orange county, he said. Engineers estimate this amount creates an overdraft of 40,000 acre feet or 54,445,000 tons of water on our underground supplies.

CHRISTIAN SCIENCE

THEME "LIFE"

"This is life eternal, that they might know thee the only true God, and Jesus Christ, whom thou hast sent." This declaration of Jesus from John's Gospel will be the Golden Text of the Sunday Lesson-Sermon on "Life" in all branches of The Mother Church, The Mother Church, The First Church of Christ, Scientist, in Boston.

Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 95348

Mr. and Mrs. Otto Turley and Judy, Sandy, Jack and Jim, have just returned from a 30-day vacation in the east. Traveling in company with Marine Sgt. Major George Drummond and family, the Turley's report that they slept under the stars for 14 nights, and never entered a cafe on the whole trip—just good wholesome outdoor cooking. The Turley children remained in Missouri with Georgia's mother, while their parents went on to Michigan, Pennsylvania and Maryland. On the return trip, the 2 cars, 2 couples and 6 children camped in the Grand Canyon, Zion and Kaibah National Parks. And best of all just 2 blowouts on the whole trip, with no other automobile woes to mar their grand trip.

A birthday party was held for Mrs. LaVell Kelly, former resident of Los Alamitos, Sunday at the Lakewood home of her sister, Vera Dickey. Local guests were Mr. and Mrs. Roy Wright, Mr. and Mrs. Eme Otte, Mr. and Mrs. Paul Beaman, Mr. and Mrs. Harlan Huebert, and the Freemans. After presentation of her gifts, the guests enjoyed dancing and refreshments.

Three young girls from Los Alamitos entertained the Servicemen's club Monday evening, on Long Beach boulevard. Eugenia Borley, Sharon Labourdette and Ginger Otte presented an Irish song and dance, as participants of the Ben and Sally Dance studio program.

The Daily Vacation Bible school closed at the Los Alamitos First Baptist church July 2, with an average daily attendance of 60. The children had a program Friday evening, and the entire Sunday School had a wonderful picnic at Anaheim Park, Saturday evening, July 2.

A group of Alamo homeowners, the Lynch family, Karn's Stevens', Fults and young Leona DeBruyn, attended the picnic sponsored by the Daughters of Scotia lodge at Anaheim park, Sunday. They participated in foot races, both for the children and adults, and other contests. Ray Fults came out first, and won a handsome necktie, and little Carol was given a box of bubble bath. Dinner was served at 5:00 p.m. and the picnickers were entertained by a Scottish bag-piper.

Mr. and Mrs. Robert Moore are enjoying the company of Bob's brother and sister from Chicago, Illinois. It has been quite a few years since they have seen each other. Mrs. Olaf Ness, and children, and Ray Moore, and nephew, Lloyd Moore, Jr., will spend about a month in California.

A July 4th breakfast was held in Anaheim park with relatives of the Cleo DeWitt family participating. A very pleasant surprise to all was the arrival of Mrs. DeWitt's mother from Colorado. Included in the breakfast group were Mr. and Mrs. Ivan Durall and daughters, an aunt Miss Nell Lott of Los Angeles, and Mrs. Capps and Marlene of Long Beach.

It's a "Happy Birthday" to little Orville Webster, Cherry Avenue, who celebrated his fourth anniversary, July 11.
